

Continued.....An Update from the CEO Regarding Our COVID-19 Plan

At Iroquois Federal, we are open, operating and prepared to serve you.

As an “essential business”, Iroquois Federal is following the required practices laid out in Governor Pritzker’s Stay-at-Home Order. We have been making plans and taking precautions over the past several weeks to ensure there are no disruptions in regular banking services as we move through these challenging times together.

Wanting to be proactive in our efforts to help reduce the spread of COVID-19, on March 19th we began delivering services exclusively through our drive-up facilities with the exception of our Hoopston office, which has a protected walk-up window in the lobby.

Most banking transactions can be accomplished through the drive-up including opening or closing a Certificate of Deposit. With Online and Mobile Banking you can check your balance, transfer funds, and pay bills. You can also deposit checks and manage your debit card with Mobile Banking, all from the comfort and safety of your home. Need cash? Our ATMs are available 24/7. Further assistance is available by calling your local Iroquois Federal banking office or our Customer Support line at 815-432-2476.

Rest assured that we are doing everything we can, in compliance with the Stay-at-Home Order and consistent with CDC and WHO recommendations, to support the health and safety of our customers and employees. Please continue to monitor our website for updated information.

We must remain strong in our efforts to turn the tables on COVID-19!

Committed to the plan,

Walter “Chip” Hasselbring III
President and CEO
